2	How to prepare for the placement “ and “How to remove quantophobia”	19-09-2023	2 HRS	AIML	Mr. Anil Singh Badhoria & Dr. Tripti Lamba	35	OFFLINE	<p>The session aimed to prepare students for successful job placements by addressing key aspects of placement preparation and overcoming the fear of quantitative reasoning (quantophobia). On September 19, 2023, the AI & ML Department at MAIT conducted an engaging pre-placement session focused on "How to prepare for placement" and "How to remove quantophobia." Dr. Tripti Lamba provided insights on building resumes, writing cover letters, self-assessment, and interview techniques, including mock interviews. She also highlighted the importance of networking and maintaining a professional online presence. Mr. Anil Singh Bhadoria addressed strategies to overcome quantophobia by teaching systematic approaches to quantitative reasoning problems. The session was highly interactive, with students actively participating, asking questions, and sharing experiences.</p>	https://drive.google.com/file/d/1jdKiKhgvTSV8cFvV-cz3_JuAXx153Be_/view?usp=sharing

3	Resume Building	06-10-2023	IHR	AIML	Dr. Malvika Srivastava	40	ONLINE	<p>The objective of the session was to help second-year students understand how to craft an effective and well-structured resume to improve their chances of success during placement opportunities. On October 6, 2022, the AI & ML Department at MAIT organized a session on "Resume Building" for second-year students. Conducted by Dr. Malvika Srivastava, an expert from Delhi University, the session provided valuable guidance on creating a resume that effectively showcases skills, accomplishments, and relevant experience. Key topics included the structure of a resume, such as headers, objectives, education, work experience, references, and professional certifications. Dr. Srivastava also shared interview tips, and the session was interactive, informative, and appreciated by the students.</p>	https://drive.google.com/file/d/1X4CQ6VzollyyDVNHJRdrO_Km_2U9cLyY/view?usp=sharing
4	Hacknoavte	25-04-2024	24 hrs	AIML&EDC	Mr. Ayun Rai, Dr. Jyoti Kaushik	25	OFFLINE	<p>Hacknovate attracted talented participants who formed teams to develop innovative solutions. The event culminated in a thrilling presentation session where teams pitched their ideas to a panel of esteemed judges. The judges evaluated the projects based on their creativity, feasibility, presentation skills, and potential impact. Hacknovate was a successful event that showcased the entrepreneurial spirit and technical skills of the participants. The winning teams were recognized for their outstanding contributions and received valuable prize</p>
