Dated 01/4/2021

POLICY FOR ALTERNATE SOURCES OF ENERGY AND ENERGY CONSERVATION MEASURES

Maharaja Agrasen Institute of Technology is committed to proper implementation and efficient utilization of renewable energy sources in such a systematic way so as to minimize its impact on the environment. An alternative energy source offers the opportunities for student's community to engage in initiatives for contributing to environmental protection.

Maharaja Agrasen Institute of Technology has undertaken to implement following provisions to conserve energy in the campus:

1. To use and install alternate sources of energy like solar panel. For energy conservation.
2. Reduction of energy usage by using LED bulbs, lights, etc.
3. Reduction of energy usage by using energy efficient electronic appliances.
4. To avoid wastage of energy: switching off lights, fans, ACs, etc. when not in use.
5. To create awareness about energy conservation among students, staff and faculty.
6. To minimize the use of electricity by responsible energy consumption.
