Ref. No. MAIT/MISC./2021

Dated 28/04/2024

POLICY FOR MANAGEMENT OF THE VARIOUS TYPES OF DEGRADABLE AND NON- DEGRADABLE WASTE

Waste management is the most important to reduce the carbon footprint. Maharaja Agrasen Institute of Technology is committed to maintain and strengthen the waste management system in it's campus wherein the institute is adopting the below Policy for Management of The Various Types of Degradable and Non-Degradable Waste."

Following are provisions under the Policy:

1. To reduce, reuse and recycle the waste material through waste management practices like using composting pit, etc.
2. To organize cleanliness drives on the regular basis.
3. To organize awareness drives on regular basis.
4. To use green and blue coloured dustbins to collect degradable and non-degradable wastes in the institution.
5. To use the scrap and recycle old newspapers, journals and magazines.
6. To collect the electronic waste such as computer parts like centralized data processing instruments, minicomputers, Central Processing Units (CPUs), input and output devices, printers, printer cartridges telephones.
7. To use rain water harvesting system, use water collected for gardening and other purposes.
8. To use RO waste water for cleaning floors, gardening and other cleaning works.
