Ref. No. MAIT/Misc/2022

Dated 10/08/2022

## POLICY FOR WATER CONSERVATION AND MANAGEMENT

Water is one of the important elements for living being on Earth. Therefore, its efficient, mindful and responsible consumption is required. Maharaja Agrasen Institute of Management Studies is committed to maintain and strengthen the water conservation and water management system, wherein the institute has adopted the following Policy for Water Conservation and Management'.

1. Maximize water usage efficiency and minimize wastage of water.
2. All existing buildings to be used for water conservation and rain water harvesting.
3. Promote investment in and maintenance of efficient water infrastructure and green. Infrastructure in all future development plans.
4. Promote appropriate innovative water and waste water management technologies and services.
5. Create awareness about water conservation policy of the institute amongst its stakeholders.
6. Establish waste water treatment and recycling system.
7. Create awareness about the water conservation amongst students, faculty and staff. Inform, educate and increase awareness regarding the importance of water in life, and the need for its conservation and efficient use.
8. Recycle non-sewage and RO waste water for on-site use (such as toilet flushing, landscape irrigation).
